 The CoSMo Company

The CoSMo Company

2010

Year of creation of CoSMo

42

Number of employees

2

Offices in Lyon (France) and San Francisco (US)

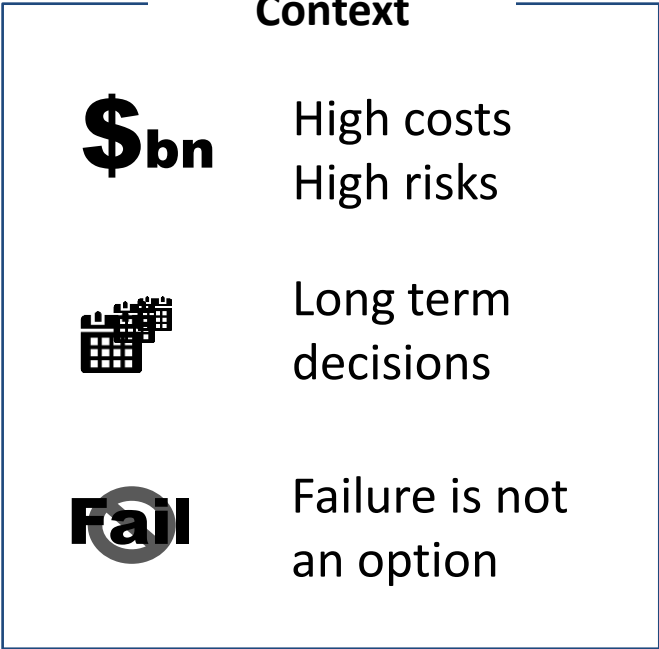

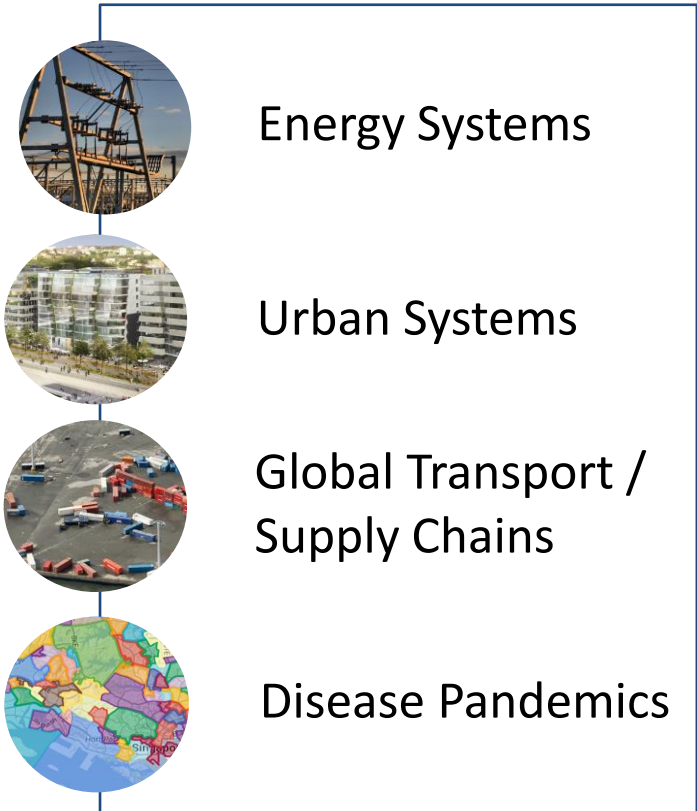

\$5.2 M

Series A in 2014

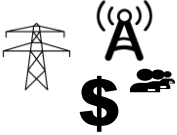

A collection of logos for partner companies arranged in two rows. The top row includes TOTAL, EDF, Rte, VEOLIA, and Schneider Electric. The bottom row includes ALSTOM, SNCF, AUTODESK, esri, and SANOFI.

Industries dealing with complex systems

Taking decisions and managing those systems is increasingly challenging

Get a systemic and dynamic view of the system as a whole

Encapsulate and leverage experts knowledge

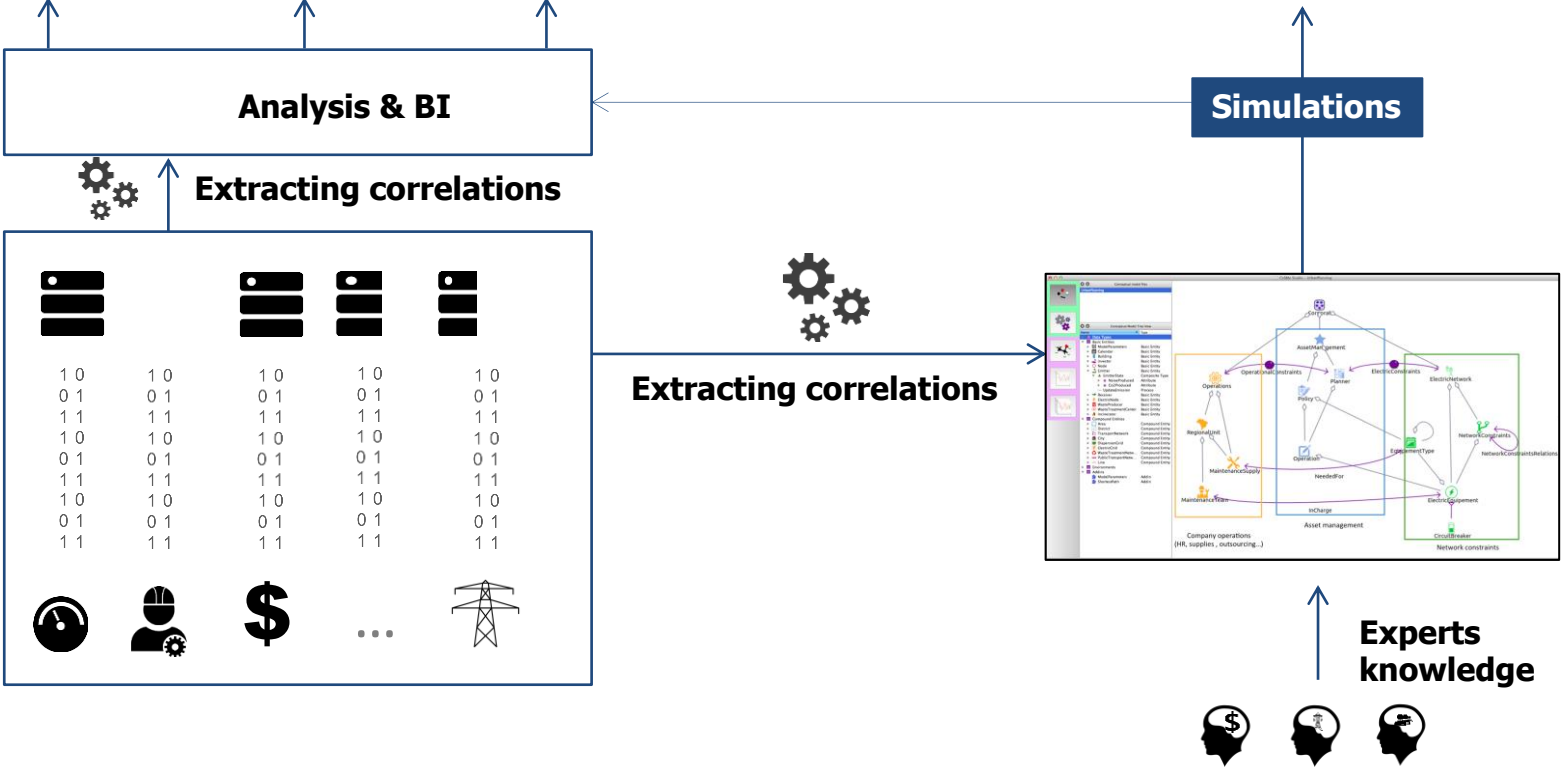

Extract value from heterogeneous data

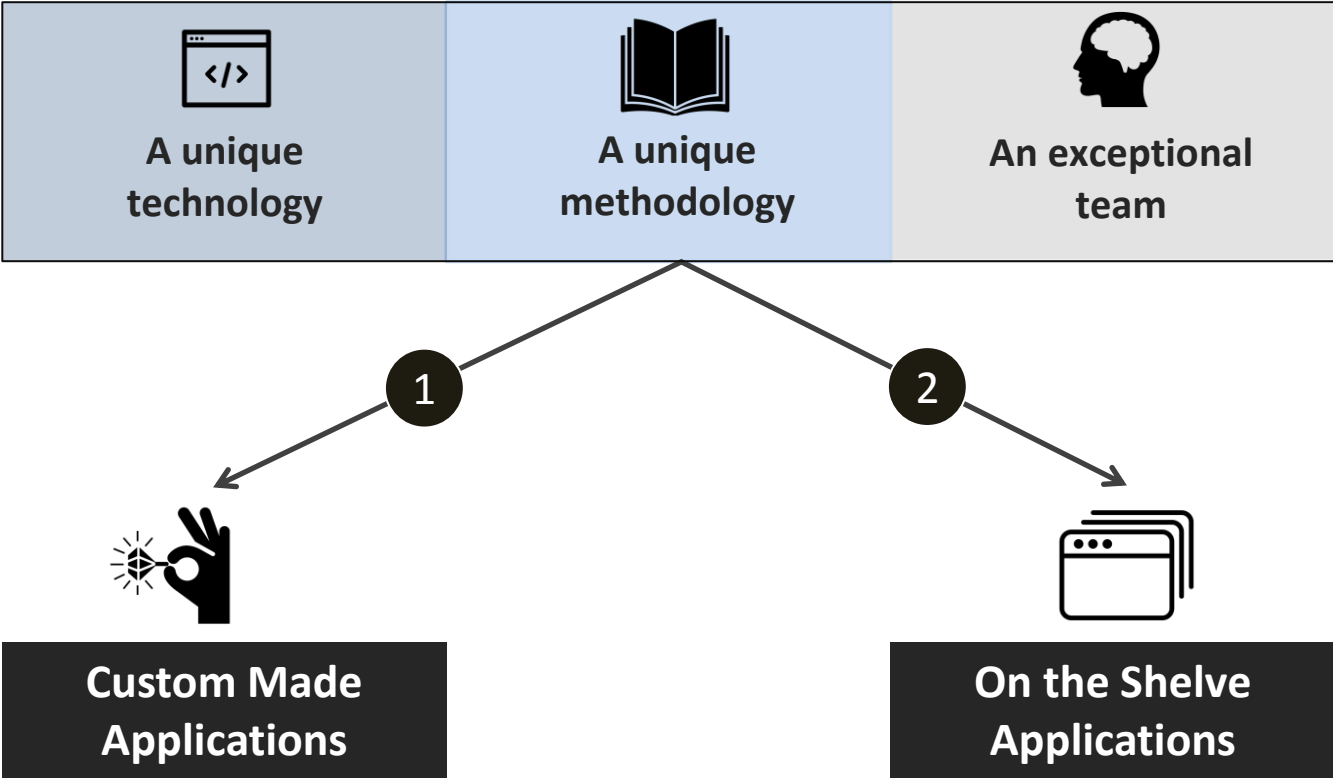

CoSMo = Big Data + Systems Modeling + Simulation

Reporting Monitoring Prediction

Prescription (optimization through simulation)

The pillars of CoSMo offer

\$500 million

Total addressable market for this first application

Predictive
Maintenance
Optimization

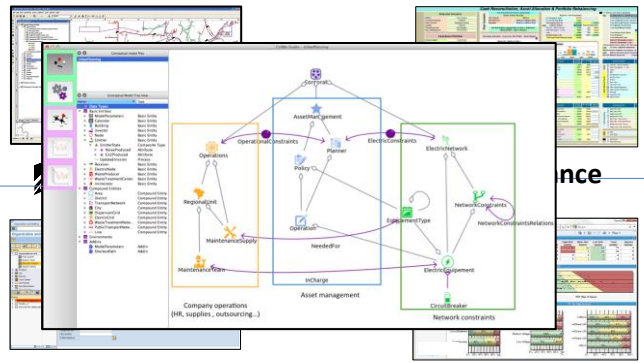

*Working on the optimization of an annual
\$1 Bn OPEX and CAPEX of maintenance
operations while mitigating risk of the grid
under stress.*

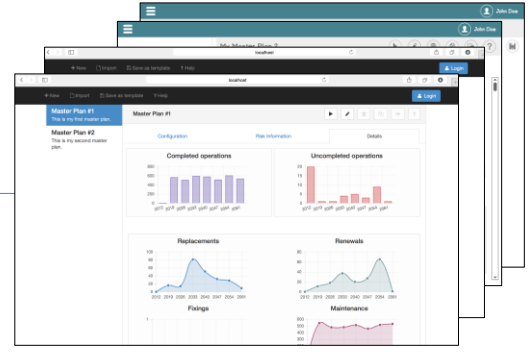

High value systemic applications
