Automated Recycling Technologies

Global market > 90m LCD unit sales p.a.

Key Metrics	Manual Process	Trumaster-ALR™
LCD Process Rate / Hour	3	80
LCD Processed / Year ¹	6240	166,400
Cost per year	€30,000	€72,000
Cost per LCD disassembled	€4.81	€0.43

Votechnik
Automated Recycling Technologies

Innovative technology being deployed

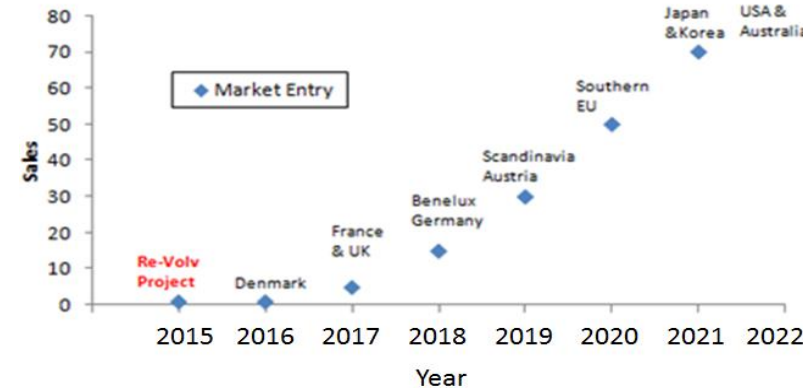

- Innovative technology proven at fully automated prototype
- Being deployed at full scale within the EU funded ReVolv Pilot in Denmark
- Strong market endorsements from corporates and industry stakeholders
- Secured first commercial sale.

Next Steps

- Finance raising Placing 5-10 units into key territories in 2016
- Rolling out a blending lease-sales model
- Build on strategic partnerships.

Year	Sales	LCDs processed
2015	2	166400
2016	5	832000
2017	15	2,496,000
2018	30	4,992,000
2019	50	8,320,000
2020	70	11,648,000
